DQd = Disqualified. The TIME row is the transponder time stamp for each lap at the scoring chute in hour:min:sec. A question mark indicates the transponder did not read. The elapsed time from the previous lap is shown in square brackets: [minutes ' and seconds "] Missed transponder reads mean the elapsed time cannot be calculated for that lap.

The column Tr indicates a trophy. If your plate ends in a P it is a pie plate. If the O/A Fin column shows DNF(Chk) the Checkered Flag was not taken. DNF(Lap) indicates not enough laps. DQd = Disqualified. The TIME row is the transponder time stamp for each lap at the scoring chute in hour:min:sec. A question mark indicates the transponder did not read. The elapsed time from the previous lap is shown in square brackets: [minutes ' and seconds "] Missed transponder reads mean the elapsed time cannot be calculated for that lap.
